書籍の概要

A Path into the Mountains rethinks how religion forms at the regional and transregional levels. Through an investigation of Mount Togakushi (Nagano Prefecture), Carter draws on legends, myths, miracle tales, doctrinal works, and travel literature as well as material sources in tracing the development of Shugendō, Tendai Buddhism, and Shinto.

A Path into the Mountains: Shugendō and Mount Togakushi

Caleb Swift Carter 著

University of Hawai'i Press/245 ページ/

2022 年 5 月出版

著者から一言

This book is the first major study to approach Shugendō as a self-conscious religious system, emergent but distinct from a contemporaneous Buddhist worldview and specially adapted to the mountains.
